From the Principal

Huri ano te mihi kia koutou, no rēira tēnā koutou, tēnā koutou, tēnā koutou katoa.

Thank you to everyone who supported our students at our prizegiving events on Friday. It really is great to celebrate the many successes and achievements of our young people. On Thursday night, the annual leavers' dinner was also a wonderful success as we said a formal 'goodbye' to our Year 13 cohort. My grateful thanks to Mrs Julie Chaplin and her team for putting this event together.

Mr Andy Mouat - a deputy principal at TAS since Term 4, 2014 - is leaving to take up his new position as principal of Excellere College in the New Year. I greatly appreciate the contributions Andy has made to the school, with his responsibilities for leading the primary department, schoolwide pastoral care and day to day organisation.

We have said goodbye to Mr Bruce Cole, who has served the school as a senior dean and teacher of mathematics and physics since 2002. I'm sure you will join me in wishing Bruce every happiness in the years of well-earned retirement that lie ahead.

Mr Allan Logan has been a most welcomed addition to our Mathematics teaching team over the past few years, with a short-term appointment stretching out significantly. I wish Allan well with his postponed retirement.

Ms Gayle Perry will be taking maternity leave for 2023 and Mr Chris Jenkins has sabbatical leave in Term 1. I look forward to their return in the not-too-distant future.

I have been very grateful for the work of Cherisse Neuhold, who has filled many gaps in our programmes as a relief teacher. I congratulate her on her new full time teaching position.

Whaea Deb O'Dell has generously and voluntarily stepped into the role of acting teacher of Te Reo this year. I am delighted that she has accepted the permanent position of head of Māori from the start of 2023.

I would also like to acknowledge the work of Kyla Sneddon who has stepped up to the role of acting head of intermediate in the absence of Mrs Clare Newman, who has been forced to unexpectedly take time out to care for a family member. Mr Dave Sadgrove has very capably taken on the teaching of Room 9 and is staying on as a part time teacher in 2023.

We look forward to welcoming Mr Virendra Prasad from Hawera HS to our Mathematics department in 2023.

I wish to take this opportunity to thank everyone who has contributed so positively to TAS this year. We have had our challenges but have come through them in good shape. Teachers, parents and students have responded brilliantly to the earlier COVID disruptions, with very good achievement data (particularly in NCEA) emerging. We have outstanding teachers, support staff and board - all committed to making TAS the best possible school for every student.

We have much to look forward to in 2023 (with the hope that COVID-related disruptions will be well and truly behind us). Our much-awaited building programmes will be underway, with a real transformation of the school in the pipeline.

Our library has been busy issuing books (thanks, Whaea Tessa) over the past couple of weeks as we encourage students to keep their reading up over the holidays. The well documented 'summer slide' in literacy causes many students to start each year well behind the point they finished the previous year. Please encourage your children to spend some time with books over the break.

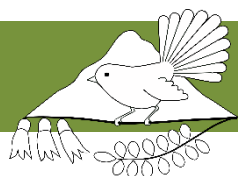

May everyone enjoy a refreshing break, while staying safe at home and on their travels.

Meri Kirihimete!

Huri ano te mihi kia koutou, no rēira tēnā koutou, tēnā koutou, tēnā koutou katoa.

Grant Burns
Principal
